## Service Guidelines

- Ordering & Delivery
- Custom Projects, Large Projects & Takeoffs
- Product Return Policies
- Specialty Options
- Considerations for Installation

## Discover the Fypon® advantage.

Fypon makes homes better with durable, weather-resistant decorative millwork solutions that are engineered for ease of installation, provide long-lasting low maintenance, deliver performance for long-term value and are backed by a lifetime limited warranty for peace of mind.

## The resources you need.

Building professionals trust Fypon to deliver outstanding customer service and support.

We provide:

- An industry-first quote package program with quantity pricing tool.
- Support from Fypon experts and answers to common installation questions.
- Takeoff services for historical restorations, replicas or any unique profile that fits your home or commercial application.

For more information, contact [CPS@fypon.com](mailto:CPS@fypon.com).

## Takeoff services for architects and builders.

Fypon offers architects and builders a free takeoff service for projects of at least \$10,000, including historical restorations, replicas and other applications.

For more information, contact [CPS@fypon.com](mailto:CPS@fypon.com) or call 1.855.397.6647.

## Cutting and milling.

Fypon polyurethane products can be cut and trimmed with standard woodworking tools, including table saws, circular saws, jig saws, band saws and miter saws. Trimming product will remove the smooth finish and create an exposed polyurethane edge. This edge must be primed to protect the exposed polyurethane. Fypon polyurethane products must be finished with paint or stain within 90 days of installation to protect the product from discoloration from the sun.

For more information on the installation and care of Fypon products, visit [fypon.com](http://fypon.com).

## Install.

Installation instructions for all Fypon products can be found on our website at [fypon.com/support/installation/guides.aspx](http://fypon.com/support/installation/guides.aspx).

## Remember to order adhesive.

A urethane-based adhesive must be used on all polyurethane joint surfaces. Fypon recommends [Locite® PL Premium® Adhesive](#). For PVC products, such as column wraps, Fypon recommends [Duo-Sil® adhesive](#) and caulk. See pages 205 and 262 for ordering information.

# 2021 Trends

Fypon offers products that blend beauty and durability, providing low-maintenance, on-trend looks for any home.

The **Refined Simplicity** trend appeals to those who see their home as a haven and seek clarity with purposeful design. Warm minimalism inspired by Scandinavian and Japanese design aesthetics spreads to the popular American Farmhouse as homeowners reframe their space as a tranquil and comforting sanctuary. These homes often feature streamlined design, refined textures with geometric accents, a mix of natural materials and iconic gabled roofs.

The **Modern View** trend finds inspiration in past designs while evolving to create a comfortable and livable modern aesthetic. Art Deco details find warmth while Mid-Century Modern blends with new-century styles. This trend embraces seamless multidimensional spaces with windows and outdoor openings growing larger. These homes often feature linear design elements, eclectic angles and a mix of natural materials, including stone and wood.

The **Eased Elegance** trend draws in homeowners who are grounded in the establishment of traditional design. Mixing relaxed design cues with historic origins, this trend reinvents heritage architecture to deliver traditional design for today's modern consumer and reflects an updated look with an inviting aesthetic. Arched design details add curves and drama at the entry. Stacked moulding and tailored textures create a fresh sense of formality.

**REFINED SIMPLICITY**

TRANQUIL  
STREAMLINED  
PURPOSEFUL

**Reframing Spaces**  
Creating a tranquil and comforting sanctuary.

**Simplified Living**  
Transforming home into a haven.

**Design Fusion**  
Mixing light and dark natural materials.

# MODERN VIEW

SEAMLESS  
LIVABLE LUXE  
RETRO REVIVAL

**Seamless Spaces**  
Window and door openings  
grow larger.

**New-Century Style**  
A comfortable and livable  
modern aesthetic.

**A Livable Edge**  
Natural materials, such as  
stone and wood, mix.

# EASED *elegance*

CLASSICAL  
TAILORED  
INVITING

**Fresh Formality**  
Mixing relaxed design cues  
with historic origins.

**A New Focus on Traditional**  
Reflecting an updated look  
with an inviting aesthetic.

**Reinventing Heritage Architecture**  
Delivering traditional design for  
today's modern consumer.

# Featured Products

---

## Smooth Beams

Add architectural charm and a clean, classic aesthetic to any home with Fypon® Smooth Beams. Our smooth beams can be used to create a striking focal point and can be painted any color to complement a home's décor. See page 160 for more details.

## Flat-Pack Column Wraps

Designed for easy installation around an existing structural support, Fypon Flat-Pack Column Wraps add an elegant finishing touch to any home. Flat-pack column wraps ship unassembled for better handling and utilization of less storage space. Ease of assembly and installation is maintained, without sacrificing style or performance. See pages 211, 214 and 220 for more details.

## EverCedar Wood-Grained Flat-Pack Column Wraps

Fypon EverCedar Column Wraps provide the charming, on-trend aesthetic of real cedar without the hassle. Designed for easy installation around an existing structural support, our wood-grained column wraps offer the same stability and performance as our smooth column wraps. See pages 207 and 208 for more details.

---

## Craftsman Cove Crosshead

Our Craftsman Cove crosshead captures the look of a wood built-up crosshead with cove, top and bottom trim. Optional end caps are available to add an authentic Arts and Crafts style. See page 23 for more details.

## Craftsman Step Crosshead

The simplistic design of our Craftsman Step crosshead emphasizes the elements of early Craftsman-style homes. See page 27 for more details.

## Modern Farmhouse Shaker-Style Shutters

Discover casual, practical design with a modern twist. Our Modern Farmhouse Shaker-style shutters deliver an authentic look with subtle elegance. See page 58 for more details.

## Beam Mantels and Shelves

Add rustic charm to the interior of any home with Fypon® Beam Mantels and Shelves. Choose from two realistic wood grains, Rough Sawn or Hand Hewn. See page 172 for more details.

## Rafter Tails

Fypon Rafter Tails feature an updated Rough Sawn Cedar finish, offering a more authentic look. Choose from five profile designs including Straight, Cove, Slant, Bullnose and Scroll. See page 156 for more details.

# Window & Door Trim

## How to Use This Section

Where applicable, part numbers are shown for products with attached accessories, or other available unattached accessories are referenced or shown with the product.

## How to Order

### Door Trim & Entrance Systems

When ordering door trim, first measure the door unit to be trimmed. The unit can be measured with or without brickmould; however, the brickmould is essential when using a storm door. Next, choose the desired pilaster style and size. Finally, choose a pediment or crosshead that is wide enough to span the opening plus the brickmould and pilasters or flat trim. Add desired accessories to complete the look.

### Window & Door Trim Accessories

Keystones, dentil trim, trim strip and bottom trim accessories are available attached to standard products as fabricated products. A keystone can also be ordered as an unattached accessory.

### How to Order Trimmable Crosshead

### Example

1	Determine height.	6" high
2	Determine breast board width of crosshead.	36" width
3	Select end cap width. End cap widths should coordinate with pilaster or moulding on either side of door / window. If no moulding is used, then any end cap can be selected.	CHC4X6 (Coordinating over 3-1/2" flat trim)
4	Calculate trimmable crosshead; account for end cap. Crosshead breast board width - (end cap back surface x 2) = trimmable crosshead	36" - (2-1/2" x 2) = 31" required*
5	Select trimmable crosshead.	CHT36X6
6	Optional: Select accessory moulding / keystone.	K6M and MLD716-12

\*End cap back surface.

# Window & Door Trim Applications

**Distinction Crosshead with End Caps**

**Craftsman Cove Crosshead with End Caps**

**Classic Crosshead without Accessories**

**Classic Crosshead with Accessories**

Note: A keystone cannot be used when combining a crosshead with a pediment.

**Window Trim Terminology**

**Keystone Options**

**Crosshead Options for Entry Way**

# Distinction Crosshead

# Ready-to-Install

- Our Distinction crosshead line includes heights measuring 6" and 9". Widths for 6" are 24" - 144", and widths for 9" are 24" - 216", both in 1" increments.
- End cap comes standard with 1-1/2" width and overlaps crosshead.

## 6" & 9" Distinction Crosshead

Ready-to-Install

### Part Number Logic:

**CH24X6EC**

<p><b>[Profile]</b> CH = Crosshead</p> <p><b>[Breast Board Width]</b> (1" increments) 24 = 24" [Minimum] 144 = 144" [Maximum for 6" high] 216 = 216" [Maximum for 9" high]</p>	<p><b>[Configuration]</b> BT = Bottom Trim D = Dentil Trim K = Keystone R = Routed</p> <p><b>[Height]</b> 6 = 6" 7 = 7" (BT option only) 9 = 9" 10 = 10" (BT option only)</p> <p><b>EC =</b> End Cap</p>
--	--

## Distinction Crosshead with Coordinating Pilaster Widths

Ready-to-Install

### Part Number Logic:

**CH51X6EC5**

<p><b>[Profile]</b> CH = Crosshead</p> <p><b>[Crosshead Width]</b> (1" increments) 51 = 51" [Minimum] 96 = 96" [Maximum]</p>	<p><b>[Pilaster Width*]</b> 5 = 5-1/4" 7 = 7" 9 = 9"</p> <p><b>EC =</b> End Cap</p> <p><b>[Crosshead Height]</b> 6 = 6" 9 = 9"</p>	<p>If pilasters are to be included as part of the opening, remember the following:</p> <ol style="list-style-type: none"> <li>1) Remember to account for lighting, door bells, mailboxes or any other item that could dictate the width of the pilaster.</li> <li>2) Don't forget to take into account brickmould, if applicable.</li> <li>3) Breast board of crosshead should fit over the entire width of the right and left pilasters.</li> </ol>
--	--	--

\*The last character in the part number coordinates with the pilaster width.

# Trimmable

- Distinction trimmable crossheads are available in heights measuring 6" and 9", and widths measuring 36", 48", 144" and 216".
  - 36" and 48" widths allow for ease of handling and quick installation.
  - 144" and 216" widths can be cut to any length, minimizing waste in the field.
- End caps overlap the trimmable crosshead.
- End caps may be routed.

## 6" & 9" Distinction Crosshead

Trimmable

6" Height		9" Height		Overall Width
CHT36X6		CHT36X9		36"
CHT48X6		CHT48X9		48"
CHT144X6		CHT144X9		144- <sup>3</sup> / <sub>8</sub> "
CHT216X6		CHT216X9		216- <sup>5</sup> / <sub>8</sub> "

## End Caps

6" Height			9" Height			Breast Board Width (B)	Rabbit Width (C)
Qty 1	Qty 5	Overall Width (A)	Qty 1	Qty 5	Overall Width (A)		
CHC2X6	CHC2X6-5	3- <sup>1</sup> / <sub>4</sub> "	CHC2X9	CHC2X9-5	4- <sup>1</sup> / <sub>4</sub> "	1- <sup>1</sup> / <sub>2</sub> "	1/2"
CHC4X6	CHC4X6-5	5- <sup>1</sup> / <sub>4</sub> "	CHC4X9	CHC4X9-5	6- <sup>1</sup> / <sub>4</sub> "	3- <sup>1</sup> / <sub>2</sub> "	1"
CHC7X6*	CHC7X6-5*	8- <sup>3</sup> / <sub>4</sub> "	CHC7X9*	CHC7X9-5*	9- <sup>3</sup> / <sub>4</sub> "	7"	4"
CHC11X6*	CHC11X6-5*	12- <sup>3</sup> / <sub>4</sub> "	CHC11X9*	CHC11X9-5*	13- <sup>3</sup> / <sub>4</sub> "	11"	4"

\*Trimmable up to 3-<sup>1</sup>/<sub>2</sub>".  
Note: End caps are sold in pairs.

## Distinction Accessories

	Accessory	6" Height	9" Height
	Keystone	K6M	K9M
	Dentil	MLD357-8	MLD358-8
	Bottom Trim	MLD716-12	MLD758-12

# Craftsman Cove Crosshead

# Ready-to-Install

- Our expanded Craftsman Cove crosshead line includes heights measuring 9" and widths measuring 24" - 216", in 1" increments.
- End caps come standard with 3-1/2" width and overlap crosshead.
- End caps may be routed.

## 9" Craftsman Cove Crosshead

### Part Number Logic:

<b>CHCC24X9BTEC</b> _		
<p><b>[Profile]</b>  <b>CHCC</b> = Craftsman Cove Crosshead</p>	<p><b>[Breast Board Width]</b>          (1" increments)  <b>24</b> = 24" [Minimum]  <b>216</b> = 216" [Maximum]</p>	<p><b>[Configuration]</b>  <b>R</b> = Routed</p> <p><b>EC</b> = End Cap</p> <p><b>BT</b> = Bottom Trim</p> <p><b>[Height]</b>  <b>9</b> = 9"</p>

If flat trim is to be included as part of the opening, remember the following:

- 1) Account for lighting, door bells, mailboxes or any other item that could dictate the width of the trim.
- 2) Don't forget to take into account brickmould, if applicable.
- 3) Breast board of the crosshead or crosshead end cap should fit over both the left and right trim pieces.

## How to Order

- ① Determine height.
- ② Determine breast board width. When installing over side trim CHCCC6X9BT coordinates best with 5-<sup>1</sup>/<sub>4</sub>" pilaster and 5-<sup>1</sup>/<sub>2</sub>" wide trim.
- ③ Select end cap width.

# Trimable

- Our expanded Craftsman Cove crosshead line includes a 9" height, measuring 36", 48", 144" and 216".
- End caps do not come standard with trimmable product. They must be ordered. 3-1/2" or 5-1/2" end caps are optional; complement standard trim widths.
- End caps overlap crosshead.
- Crosshead and end caps may be routed.

## 9" Craftsman Cove Crosshead

# Wood-Grained Shutters

# Get the size and style you need.

- Our expanded line includes multiple styles and sizes, with widths measuring 12", 14", 18", and 24", and heights measuring 24"- 120" in 1" increments.
- Accessory line of hinges and clavos creates a distinct look for your shutters.
- Stain or paint shutter and shutter accessories.
- Available in both Board & Batten and Plank styles.

## BOARD & BATTEN – JOINED BOARD AND BATTEN STYLES

**2 or 3 Batten**  
Batten styles with joined boards.

**End Batten**  
Battens are placed at the very end of the boards.

**Z Batten**  
Horizontal and diagonal battens form Z shape.

**Quarter Round**  
Mirrors unique arch top windows.

**Elliptical**  
Mirrors the shape of unique elliptical windows.

## PLANK – SPACED BOARDS CREATE VISIBILITY OF SIDING BETWEEN SHUTTER BOARDS

**2 or 3 Batten**  
Batten styles with spaced boards.

**Z Batten**  
Horizontal and diagonal battens form Z shape.

**Diamond**  
Decorative diamond shape is centered between the panels.

**Elliptical**  
Mirrors the shape of unique elliptical windows.

Part numbers shown reflect common sizes. For additional options, follow the part number logic below or contact your Fypon® representative.

## SH2PHLR12X24RS

Note: Minimum height for Quarter Round shutters is double the width of the shutter.  
SH2PHLR14X28RS - 14" = width of shutter and 28" = height (twice the width).

## Additional Sizes Available

Shutters measuring 24" - 120", in 1" increments, are available at standard lead time.

# Elliptical Shutters - Board & Batten

Rough Sawn Cedar

## Part Number Logic:

Note: Minimum height (H2) for Elliptical Board & Batten shutters is double the width of the shutter. Example: SH3PEHLR18X35X36RS - 18" = width of shutter and 36" = height (twice the width). If a specific radius is required to complement an elliptical-shaped window, contact your customer service representative to order.

To order an Elliptical Board & Batten shutter that complements the arch of the window, provide measurements of **H1** (in 1/4" increments) and **H2** (in 1" increments) in your part number. See drawing for specific measurement points.

**Example:**

SH3PEHLR18X50X54RS

# Mouldings

## How to Use This Section

The products in this section of the catalog are organized by moulding type. You can find a variety of products to match the aesthetics of almost any application conveniently grouped together. Where applicable, groups of mouldings are further sorted by height, from smallest to largest.

## How to Order

### Moulding Accessories

Accessories are available to help make moulding installations quick and easy.

Rosettes can be used between moulding lengths to eliminate the need for patching to create smooth seams. All rosettes are unattached and must be ordered separately.

## Moulding Applications

# Decorative Millwork

---

## How to Use This Section

The products in this section of the catalog are organized by product type. You can find a variety of products to match the aesthetics of almost any application conveniently grouped together. Where applicable, groupings of brackets, corbels, rafter tails, beams, dentil blocks and other products are further sorted by height, from smallest to largest.

---

## How to Order

### Decorative Millwork Accessories

Some decorative millwork products have accessories available or are an accessory to another product. All decorative millwork accessories are unattached and must be ordered separately.

## How to Order

- ① Select profile design.
- ② Select size.
- ③ Optional: Select pitch angle needed.
- ④ Select pack quantity.\*

- Rafter tails are available in five profile designs: Straight, Cove, Slant, Bullnose and Scroll.
- Available in heights measuring 5-1/2" (6 nominal) and 7-1/2" (8 nominal).
- 6 Projections: 12", 18", 24", 30", 36", 42".
- Optional back cut pitch angles: 4/12, 6/12, 8/12, 10/12, 2/12.
- Quantities: 4 Pack, 10 Pack.

### Part Number Logic:

#### BMRTSC4X6X24RSP8-4PK

**[Profile]**

ST = Straight  
 CV = Cove  
 SL = Slant  
 BL = Bullnose  
 SC = Scroll

**[Width]**

4 = 4" (3-1/2" Actual)

**[Height]**

6 = 6" (5-1/2" Actual)  
 8 = 8" (7-1/2" Actual)

**[Projection]**

12 = 12"  
 18 = 18"  
 24 = 24"  
 30 = 30"  
 36 = 36"  
 42 = 42"

**[Optional Pitch]**

P4 = 4/12  
 P6 = 6/12  
 P8 = 8/12  
 P10 = 10/12  
 P12 = 12/12  
 (Blank) = No pitch

**[Pack Quantity]**

4PK = 4 Pack  
 10PK = 10 Pack

4x6x24 Scroll Profile with Pitch

4x8x24 Scroll Profile without Pitch

# Louvers & Gable Vents

Historic style for any home.

Fypon offers a diverse assortment of decorative, non-venting and functional, venting louvers to complement most architectural home styles. Decorative louvers feature a solid, one-piece design that does not allow air to pass through. Functional louvers are designed to provide additional ventilation, with angled slats and screening to help protect interiors from the elements.

# Louvers & Gable Vents

---

## How to Use This Section

The products in this section of the catalog are organized by louver style followed by matching trim. Where applicable, matching keystones are referenced for each louver and trim piece. Note: The number of slats and size vary based on louver style and height.

---

## How to Order

### Functional Louvers

If you are ordering a functional louver, you should order a louver that is approximately 2" larger than your rough opening on all sides. This will allow you to attach the louver to the substrate through the brickmould edge. Functional louvers are slatted for air flow with a screen on the back. Note: Slats are not operable.

### Louver Accessories

Keystones and trim are available attached to standard products as fabricated items. Keystones and trim can also be ordered as unattached accessories by listing the matching part number as a separate line item on your order.

# Column Wraps

## Coverage with character.

Once you've met the structural requirements of your project, Fypon® column wraps can be used to add an elegant finishing touch. Designed for easy installation around an existing structural support, column wraps are perfect for adding character to a new job or covering an outdated design.

# Column Wraps

---

## How to Order

### Column Wraps

Fypon® column wraps are non-structural and designed to wrap around an existing treated wood post or other structural support. Square and tapered styles are available in a variety of heights and are trimmable from the bottom of the shaft up to 3". Flat-panel column wraps can be trimmed to any height.

PremiumSelect column wraps come in a complete kit that includes shaft, cap, base, installation cleat, hardware, tube of adhesive and installation materials. Installation kits for ProSelect column wraps are sold separately.

Flat-pack column wraps ship unassembled for better handling and utilization of less storage space. Choose from square and tapered styles in smooth PVC or wood-grained polyurethane.

### Column Wrap Accessories

Square column wraps come semi-assembled and include a Traditional cap and base, and tapered column wraps come semi-assembled and include a Craftsman cap and base. Six additional cap and base styles are available and can be ordered separately. Caps and bases ship in four separate pieces with pre-mitered corners.

### Special Order Products

PremiumSelect products shown in the catalog are available in additional sizes. Product may be modified to minimum 6" width to a 24" maximum width. The height may also be modified with a minimum height of 48" to a maximum of 144" height (maximum 108" for tapered).

## Flexible Positioning Column Wraps

The design features installation cleats on the interior or exterior of the shaft providing ample room around the support post. This allows for positioning adjustments to align several columns in a row or to allow for positioning close to the porch edge. Also, because the column wrap does not come in contact with the structural post, the integrity of the wrap is not dependent on the support.

**Flexible positioning around support post.**

Before you order, you'll want to measure to make sure you have enough clear distance from the support post to the edge of the porch. The needed space is dependent on the style of column. You will need more space for tapered columns than square due to the larger base.

**Allow adequate distance when choosing wrap width.**

# Rail Systems

---

## How to Use This Section

For ease of use, the product groupings in this section of the catalog are organized by size and style. Each product chart includes product images, dimensional data and part numbers to help specify, source and sell Fypon® rail systems.

---

## How to Order

### Rail Systems

Rail kits are available for both straight and stair applications. Each kit includes a top rail, a bottom rail, spindles, a crush block\*, brackets, bracket covers and the necessary screws for fast installation. Rail kits can be attached to a wall, newel post or porch post.

Note: Stair Rail Kits cannot be attached to 45-degree post applications.

Plan your layout by determining the size and configuration of your porch, including any stairs. The most important step to building your order is creating an accurate layout. Check local building codes to determine minimum guardrail height, maximum rail span and structural post requirements for your area. Determine the number of rail and post kits you need to accommodate your layout.

Next, choose spindle style. Then find the part number of the rail kit that meets your style, length and height requirements.

Finally, determine size and style of any accessories needed to achieve the desired look.

### Rail System Accessories

A variety of accessories are available to create your own unique system, including post kits, post sleeves and porch posts. If you have an application where additional or unique connections are required, bracket and adapter kits are sold separately. Individual components are also sold separately.

---

\*Stair Rail Kits do not include crush block.

Note: Always consult the local building code authority to determine suitability of products to meet specific project requirements.

## Building Code Compliance

Fypon rail system products are building code compliant over 30" above ground when rail lengths are 8' or less installed between our Ultra Post Kits, and 10' or less installed between structural posts or 4" x 4" treated wood posts with post sleeves. Applications less than 30" above ground are decorative, and do not fall under any building code or testing standard. The 8', 10' and 12' rail kits include a top rail metal insert that must be used in any installation. 6' rail kits do not require an insert.

Fypon has received confirmation from Progressive Engineering Inc. Evaluation Service (Pei ES), that its rail systems comply with the provisions of the International Building Code (IBC) and International Residential Code (IRC). The Pei ES confirmation, published in evaluation report PER-20125, will help code officials approve use of rail systems under the codes. The Fypon evaluation report is available online at [www.p-e-i.com/documents/QuickRail.pdf](http://www.p-e-i.com/documents/QuickRail.pdf).

# Premium Railing

## Premium Rail Kits

### Options & Features

- Height Options: 36" or 42" rail height.
- Length Options: 6', 8', 10' or 12' nominal lengths.
- Spindle Options: Colonial or Square.
- Finish Color: White.
- Baluster Spacing: Depending on rail length and spindle style selected, the spacing will vary slightly.
- Application: Straight or Stair (30- to 40-degree slope).
- Additional Accessories: Multi-angle brackets and 45-degree adapters are available as special order.

## Kit Contents

### Straight & Stair Rail Kits

Each Straight or Stair Rail Kit includes the following:

- Top Rail
- Top Rail Structural Insert\*  
(Included in kits over 6' for necessary support)
- Bottom Rail
- Colonial or Square Spindles
- Crush Block\*\*
- Brackets and Bracket Covers

## Straight Rail Kits

### Square

36" Rail Height	740636CLDS	740836CLDS	741036CLDS	—

# Gate Kits

Gate Kits come with a latch, hinges and mounting hardware, and are available in 36" and 42" heights. The Gate Kit components are pre-cut to fit a 37-1/2" wide opening but can be trimmed for smaller applications. Be sure to check local building codes for any dimension requirements when planning your system layout.

### Improved Hinges and Latch

Nylon spring-loaded gate hinges and locking entry latch provide a durable, quiet, lighter weight connection between the gate and posts with added security.

Description	Spindle Style	Gate Width	Kit Height	Part Number
35" x 36" Gate Kit	Square	35"	36"	4436SQDFGK <sup>◆</sup>
35" x 36" Gate Kit	Colonial	35"	36"	4436CLDFGK
35" x 42" Gate Kit	Square	35"	42"	4442SQDFGK <sup>◆</sup>

**IMPORTANT:** Gate Kit should NOT be attached to Complete Post Kit. It is recommended to attach the Gate Kit to a structural 4"x4" or 5"x5" treated post covered with a post sleeve. Note: This product can only be installed on structural surfaces less than 30" above ground.

# Post Kits

## Complete Post Kits (for elevations less than 30" above ground)

The Complete Post Kit comes with a standard post mount and can be used to connect rail sections on substrates with elevations less than 30" above ground. Complete Post Kits include a cap, base, standard PVC post mount and the necessary hardware for installation on both pressure-treated wood decking and masonry surfaces.

Description	4" x 4"	5" x 5"	
	Inside width 3-5/8"	Inside width 4-5/8"

# QuickPost® Porch Post

## Structural Post with Lifetime Finish

QuickPost synthetic porch posts are the perfect complement to our rail systems. Featuring the same lifetime finish as all rail system components, the vibrant color is virtually maintenance free and never needs to be painted.

- Structural post with steel insert.
- Choose from traditional Colonial or modern Square styles.
- Trim to fit your project.
- Designed for use with rail systems.
- Virtually maintenance free.
- Lifetime limited warranty.

## Product Details

- Shell is composed of UV-protected vinyl.
- Internal core includes a structural, galvanized steel tube.
- Kit includes mounting plates and screws.

## Product Options

- Sizes: 5" and 6" are nominal for Colonial styles.
- Sizes: 4" and 5" are actual for Square styles.
- Accessories: Trim Kit available (sold separately).

## QuickPost Porch Post

# Balustrades, Porch Posts & Columns

---

## How to Order

### Balustrade Systems

Our smooth balustrade systems are available in three sizes: 5", 7" and 12". This size designates the width of the top and bottom rail.

### Planning Your Layout

#### **Balusters**

For each baluster, we have noted a center spacing dimension. This is the maximum center-to-center distance between balusters that does not allow a 4" ball to pass through at any point. The number of balusters you need can be found by dividing the rail span, in inches, by the center spacing dimension shown under each part.

**Note: When dividing gives you a fractional result, always round up to the next whole number as shown in the example.**

#### **Rail Installation Kits**

Each rail section (span between two newel posts) will require two Rail Installation Kits. Rail Installation Kits will connect both ends of one rail to a newel post or column.

**Note: Rail Installation Kits will not work on stair applications. Top and bottom rails do not come pre-drilled.**

#### **Newel Posts**

Each newel post will require one Newel Post Installation Kit to anchor the base of the post, as well as any post tops, balls or trim collars desired.

### Balustrade System Accessories

Balustrade system accessories are available to help achieve your desired look. All balustrade accessories are unattached and must be ordered separately.

### Structural Porch Posts & Columns

Structural porch posts and columns are reinforced and have load-bearing capacities as noted. Installation hardware is included. Simply choose the column or porch post desired in a height that is equal to or slightly larger than the required height. Porch posts and columns can be trimmed to various lengths without impacting load rating. Be sure to order the appropriate quantity of porch posts and columns to adequately support the weight of the load they will carry.

**Always consult the local building code authority to determine suitability of products to meet specific project requirements.**

## Baluster Example

BAL3X20CC – Requires 5" on-center spacing

Rail Span ÷ Center Spacing =  
No. of Balusters Needed

$$96" \div 5" = 19.2$$

(Round up to 20)

Note: Balusters are polyurethane. Baluster images shown may not be an accurate representation of every size within each category. For additional line art images, visit [www.fypon.com](http://www.fypon.com).

## Ordering & Delivery

### Placing Orders

- Purchase orders must be sent to Fypon by Electronic Data Interchange (EDI), fax (800.446.9373) or email (orders@fypon.com) and should include the following:
  - A valid Fypon part number from the current price list.
  - Detailed part description.
  - Quantity ordered.
  - Unit of measure (each, etc.).
  - Net price.
- Fypon will confirm all purchase orders with an order acknowledgement via EDI, unless the customer has opted not to receive acknowledgements.
- Customers should review order acknowledgements carefully for accuracy. The customer is obligated to bring order acknowledgement discrepancies to the attention of their Customer Service Representative, and failure to do so may result in disallowance of a claim.
- Ship date for each order is noted on the order acknowledgement. If the ship date changes for any reason, customers are notified via fax or email of the new ship date.

### Cancellations

- Cancellation requests must be made via purchase order sent to Fypon by EDI, fax (800.446.9373) or email (orders@fypon.com).
- The cancellation request must reference either the customer purchase order number or Fypon order number, and the line item(s) to be cancelled.
  - Cancellation requests must be received within 24 hours from receipt of the order.
  - Fypon will confirm cancellations with an order cancellation acknowledgement via EDI, fax or email.
- To service customers in our five-day ship lead time, the 24-hour cancellation policy does not apply for custom and made-to-order parts. Once the order has been acknowledged, it cannot be returned. This includes, but is not limited to the following made-to-order products: custom parts; Board and Batten, Plank, Shaker-style and Modern Farmhouse Shaker-style shutters; beams; beam accessories; beam mantels; Craftsman Cove, Craftsman Step and Distinction crossheads; and column wraps.

### Express Service Program

- Have a customer that needs product faster? Fypon offers an express service that allows product to ship the next day.
- Available inventory up to 20 pieces will be available for next-day shipping if orders are received prior to 1p.m. EST.
- The price of this express service is \$75 for all Fypon customers.
  - The cost covers decreased lead time only - freight is not included.
  - Standard Fypon shipping policies still apply.

## Freight Policy Update

- Most orders ship for \$25. For orders including parts that are 8 ft. or longer, freight is \$125 for the entire order. For orders over \$2,000 list price, freight is free.
- If beams are part of the order, beam freight will be applied in lieu of the charges listed above.
- Please contact Customer Service regarding Fypon's freight policy. For additional information, see page 7 of the 2021 Full-Line Price List.

## Custom Projects, Large Projects and Takeoffs

### Custom Product

- Request a price quote on a custom product by contacting our Custom Product Sales (CPS) Department at 855.397.6647 or CPS@fypon.com, or by filling out the Project / Custom Quote Request Form on fypon.com.
- New projects of \$30,000, which include custom parts, may qualify for a four-week lead time.
- Tools for custom product will be dispositioned within six months of last order date. Any orders after disposition of tool(s) must be requoted by CPS. Contact your Customer Service Representative for more information.

### Large Project and Takeoffs

- For large projects and takeoffs, our dedicated Custom Product Sales Department can assist with price quotes.
- For jobs of \$10,000 and greater, email your elevations to cps@fypon.com.
- New projects of \$50,000 or greater, consisting of stock and custom products, may qualify for a discount. Contact Customer Service at 800.446.3040 or cps@fypon.com.

## Product Return Policies

### Freight Carrier Damage Claims

In the event of damage, the following actions are appropriate:

- Inspection must be made of each shipment upon delivery. Any damage to cartons or goods must be noted on the Bill of Lading (BOL) or Carrier Delivery Receipt (CDR) at the time of delivery and delivery should be refused.
- Claims for loss must be filed in writing via email, with a signed copy of the BOL or CDR noting damage, to [fyponRGA@thermatru.com](mailto:fyponRGA@thermatru.com) within one business day (24 hours) of delivery. Failure to do so may result in disallowance of a claim.

### Policy Returns

- Requests for policy RGA must be made within six months of delivery of goods, and submitted in writing to [fyponRGA@thermatru.com](mailto:fyponRGA@thermatru.com).
- All requests for returned goods are subject to the following:
  - Goods must be received in good and original condition.
  - Goods must be in unbroken, original packaging.
  - Restocking fees:
    - 1-90 days – minimum 20% restocking fee.
    - 91-180 days – minimum 30% restocking fee.
- Once the request has been approved, an RGA will be issued and the goods may be returned Freight Collect to the address designated on the RGA on a Fypon-approved carrier.
- Upon receipt of returned goods, Fypon will inspect the goods and issue a credit contingent on meeting the requirements of the RGA process.
- See Items Not Eligible for Returns or Credits for product that is not eligible for return.

### Items Not Eligible for Return or Credits

- Product that has been installed, painted or in any way modified from the original shipped condition.
- Custom or special order – including made-to-order parts. The made-to order product includes, but is not limited to the following products: Board and Batten, Plank, Shaker-style and Modern Farmhouse Shaker-style shutters; beams; beam accessories; beam mantels; Craftsman Cove, Craftsman Step and Distinction crossheads; and column wraps.
- Discontinued products.

## Specialty Options

### Routing and Cutting Options

- Some products can be routed with a 5/8" or 3/4" channel to accept siding J-Channel. A \$25 routing charge applies to each item or pair to be routed.
- The routing option is not available on all products.
- Fypon offers the option to cut flat trim and other lineal type product, one size cut per box, at a cost of \$50 per box.
- Contact your Customer Service Representative at 800.446.3040 for details.

## Considerations for Installation

Fypon reserves the right to make changes to surfaces that don't affect the outward appearance of our parts (these surfaces may vary with the same part number), which will not impact the look of the product once installed. If it is important to have consistency between parts for installation purposes, please speak with your Customer Service Representative prior to ordering or requesting samples.

### Warranty

Fypon will process claims for installed product under the following guidelines:

- Warranty requests from homeowners or end-use customers should be processed at the local dealer to determine if there are any installation problems. This may require an initial field inspection by a dealer representative.
- Warranty issues that are determined by the dealer to be a quality defect should file a claim with Fypon.
- Claims requests should include:
  - Inspection details.
  - Photos.
  - Original purchase order number and date.
  - Proof of home ownership.
- Upon receipt of returned goods, Fypon will inspect the goods and issue a credit contingent on meeting the requirements of the RGA process.
- See Items Not Eligible for Returns or Credits for product that is not eligible for return.

## Adhesive & Finishing

A urethane-based adhesive such as Loctite® PL Premium® Construction Adhesive\* must be used on all joints when installing urethane products. This will minimize the effects of expansion and contraction on the product. For additional information on adhesives, detailed installation instructions and finishing information, visit [fypon.com](http://fypon.com).

### Loctite® PL Premium® Adhesive

	Part Number	Description
	ADH1 Loctite PL Premium Adhesive	(1) 10.2 oz. Cartridge

### Considerations for Installation

Fypon reserves the right to make changes to our product with the assurance that we will meet or exceed quality requirements. Changes to product could include standardization across parts that may impact blocking applications, but visual impact will not be noticeable and parts will align. If it is critical to have consistency between parts for installation purposes, please speak with your Customer Service Representative prior to placing your order at 800-446-3040.

	Fypon Polyurethane	Wood	Composite
May Be Placed Against Masonry	YES	NO	NO
Above-Grade Distance Requirement**	0"	8"	6"
Water Absorption	NO	YES	YES
Insect Resistant	YES	NO	NO
Moisture Resistant	YES	NO	NO
Pre-Drilling Required When Edge Nailing	NO	YES	YES
Requires Sanding, Priming & Sealing	NO	YES	YES
Painting (Number of Coats Needed)***	1	2	2
Quality	Consistent quality, no waste; consistent finish	Natural variation; must be culled	
Versatility**	Suitable options for interior or exterior application	Different grade of material and finish required for outdoor use	

## Finishing Touches

### Primer Color Match Available at Sherwin-Williams

To better service our customers nationwide, we have worked with Sherwin-Williams\* to formulate a color and sheen match for our factory-applied primer.

#### Fypon® White:

Resilience® Exterior Latex\*  
Product # K42W51  
Sheen: Flat  
Base: Extra White  
No colorant needs to be  
added to the formula.

#### Fypon® Oatmeal:

Resilience® Exterior Latex\*  
Product # K43W00053  
Sheen: Satin  
Base: Deep Base  
Quart and gallon formulas  
are shown below.

#### Quart Formula

W1 – White 4/32, 1/64  
B1 – Black 7/32, 1/64, 1/128  
R2 – Maroon 4/32  
Y3 – Deep Gold 15/32, 1/64, 1/128

#### Gallon Formula

W1 – White 18/32  
B1 – Black 31/32, 1/128  
R2 – Maroon 15/32, 1/64  
Y3 – Deep Gold 63/32

#### Fypon® Black Primer:

SHER-WOOD® ACR: Millwork Primer\*  
Product # E60BP102

\*Marks denoted by (\*) asterisk are owned by third parties.

· Loctite® PL Premium® is owned by Henkel IP & Holding GmbH.

· Sherwin-Williams is owned by SWMC, Inc.

\*\*Always consult the local building code authority to determine suitability of products to meet specific requirements, as well as adhesive manufacturer's recommendations for your particular climate and the substrate you are installing to.

\*\*\*Fypon product must be painted within 90 days of installation or warranty is void.
