

Unrivalled Design and Performance

Discover the decking that is revolutionizing designer outdoor living spaces. Bring stylish sophistication and premium performance to backyards everywhere. Made from the most advanced material technology in both the cap and core, TimberTech AZEK Decking is the most resistant to the elements, stays cooler on sunny days, and offers up to 40% better slip resistance than competitors. With narrow, standard, and wide widths as well as new MAX boards available, designing a truly one-of-a-kind deck is easy.

- Most advanced polymer material in the cap and core is inherently impervious to moisture and combats fading, staining, and weathering with Alloy Armour Technology®
- Extremely low-maintenance – never requires sanding, sealing, or staining
- Without wood particles to attack, AZEK boards offer unbeatable resistance to mold and mildew – boards won't rot, splinter, crack, or warp
- Superior resistance to fading, staining, and weathering – backed by a 50-Year Fade & Stain Warranty
- Up to 30 degrees cooler and 40% better slip resistance than competitive composites*
- Made from up to 54% recycled material and significantly more sustainable than premium hardwood (i.e. Brazilian Ipe, Cedar, etc.). No trees are felled for this product.
- WUI Compliant

AZEK® Decking

Capped Polymer

Vintage Collection®

Explore the "Designer Series" of decking that's engineered for those looking for unrivaled style and performance — and features a complex blend of multi-color highlights and lowlights as well as an elegant wire-brushed, low-gloss finish.

- All colors available in narrow, standard, and wide widths
- Vintage MAX is a 1.5" thick board, that can be installed 24" on center. It's perfect for docks, boardwalks, and some commercial applications. Available in Coastline.

Landmark Collection™

Discover the refined charm of cathedral wood grain complemented by a cross-cut finish in two unique, bold colors boasting a dramatic, cascading visual.

- All colors available in standard width
- All boards available in standard thickness

Harvest Collection®

Tie in traditional, cathedral wood grain patterns and a soft, solid color palette when using boards from this dynamic TimberTech AZEK collection.

- Brownstone and Slate Gray available in wide widths
- Harvest MAX is a 1.5" thick board, that can be installed 24" on center. It's perfect for docks, boardwalks, and some commercial applications. Available in Slate Gray.

*Although AZEK Deck products are cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.
